WORK EXPERIENCE

DATA SERVICE ASSISTANT

Pag-IBIG Fund
Pasay Branch

March 2023 - August 2024

- **Data Entry & Management** – Accurately input, update, and maintain data from various sources (forms, spreadsheets, databases) while ensuring data integrity.
- **Data Collection & Verification** – Gather, verify, and validate data from surveys, interviews, and external databases for accuracy.
- **Financial Transactions & Deposits** – Accurately record and deposit collected funds into the government agency's designated bank account.
- **Transaction Record-Keeping** – Maintain detailed records of all financial transactions, including receipts, deposit slips, and supporting documents, while communicating with management regarding daily deposits.
- **Regulatory Compliance** – Ensure adherence to government data protocols, financial policies, and security regulations.
- **Data Support & Public Services** – Process and respond to data inquiries from internal departments and the public, providing necessary support.
- **Confidentiality & Security** – Maintain the confidentiality and security of government records and financial transactions.
- **Digital Transformation Support** – Assist in transitioning from paper-based records to digital data management systems.
